

Kick-start your DEI strategy work

Use Mercer's Internal Labour Market (ILM) map to identify possibilities related to talent flows in your organization

Key questions the ILM map will address:

- How do people move into organizations via hiring?
- How they progress upwards via promotions?
- And eventually how they exit across the various career levels?

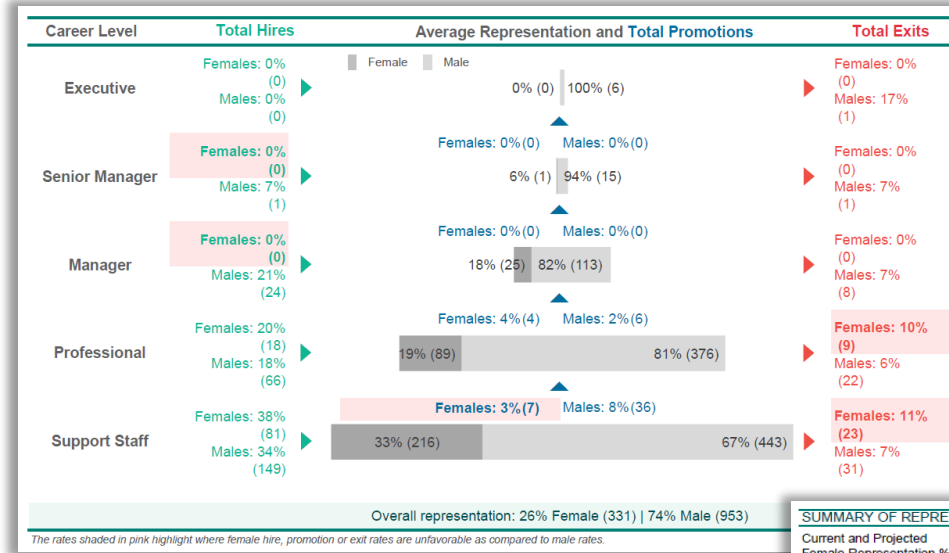

What Mercer offers:

- For a limited time, Mercer offers one ILM map and a 2-hour workshop for your organization
- Price is only 30,000 DKK (+VAT).

The price includes:

- One map of your organization
- 5 and 10-year projection flows for each of the five career levels
- 2-hour virtual workshop with senior Mercer consultant discussing the findings and how they can support your DEI strategy

ILM maps can be used to describe and diagnose talent flows across various employee groups (gender, age, nationality)...

... a key factor in identifying and mapping opportunities to improve your DEI Strategy

Limited time offer ends 30th September 2020
